 - (2) Annexation adjustment available for cities and towns and certain other taxing units only. If the amount shown is greater than 1.0, then this taxing unit reported estimated annexation assessed value which has been used to determine the estimated annexation factor.
 - (3) Cumulative capital development levy adjustment for counties and municipalities only. To estimate the cumulative capital development levy, the 2016 net assessed value has been assumed to grow by 3.8%, equivalent to the Assessed Value Growth Quotient. The actual levy adjustment will be computed during the Department's budget review.

Civil taxing units in counties which have selected to raise revenue through a local income tax rather than property taxes will have a growth quotient of 0%. Taxing units that qualify under IC 6-1.1-18.5-25 will have a growth quotient equal to the lesser of the unit's assessed value growth over the two preceding years or 6% in addition to the AVGQ.
- (2) Annexation adjustment available for cities and towns and certain other taxing units only. If the amount shown is greater than 1.0, then this taxing unit reported estimated annexation assessed value which has been used to determine the estimated annexation factor.
- (3) Cumulative capital development levy adjustment for counties and municipalities only. To estimate the cumulative capital development levy, the 2016 net assessed value has been assumed to grow by 3.8%, equivalent to the Assessed Value Growth Quotient. The actual levy adjustment will be computed during the Department's budget review.
- (4) Mental health and developmental disabilities adjustments for counties only. If the county unit is appropriating less than the maximum amounts estimated above, the estimated 2017 maximum levy should be reduced to correspond to the actual appropriations. The actual levy adjustment will be computed during the Department's budget review.

- (2) Annexation adjustment available for cities and towns and certain other taxing units only. If the amount shown is greater than 1.0, then this taxing unit reported estimated annexation assessed value which has been used to determine the estimated annexation factor.
- (3) Cumulative capital development levy adjustment for counties and municipalities only. To estimate the cumulative capital development levy, the 2016 net assessed value has been assumed to grow by 3.8%, equivalent to the Assessed Value Growth Quotient. The actual levy adjustment will be computed during the Department's budget review.
- (4) Mental health and developmental disabilities adjustments for counties only. - NOTES:
- (1) Assessed Value Growth Quotient ("AVGQ") for Budget Year 2017 is 3.8%. Civil taxing units in counties which have selected to raise revenue through a local income tax rather than property taxes will have a growth quotient of 0%. Taxing units that qualify under IC 6-1.1-18.5-25 will have a growth quotient equal to the lesser of the unit's assessed value growth over the two preceding years or 6% in addition to the AVGQ.
- (2) Annexation adjustment available for cities and towns and certain other taxing units only. If the amount shown is greater than 1.0, then this taxing unit reported estimated annexation assessed value which has been used to determine the estimated annexation factor.
- (3) Cumulative capital development levy adjustment for counties and municipalities only. To estimate the cumulative capital development levy, the 2016 net assessed value has been assumed to grow by 3.8%, equivalent to the Assessed Value Growth Quotient. The actual levy adjustment will be computed during the Department's budget review.
- (4) Mental health and developmental disabilities adjustments for counties only. If the county unit is appropriating less than the maximum amounts estimated above, the estimated 2017 maximum levy should be reduced to correspond to the actual appropriations. The actual levy adjustment will be computed during the Department's budget review.
